CARE AND MAINTENANCE

PAPER MACHE CARE

Store papier-mache furniture in a dry place away from direct sunlight, as moisture can weaken the structure and sunlight can fade the colors. Prevent spills and excessive humidity, as water can cause warping, swelling, or mold growth in papier-mache. Use a soft, dry cloth or a duster to gently remove dust and debris. If your papier-mache furniture needs cleaning, use a slightly damp cloth or sponge with mild soapy water. Avoid excessive water and never soak the furniture. After cleaning, make sure the furniture is completely dry to prevent moisture damage.
