WARNING

* Switch off the main electrical supply from the main fuse box / circuit breaker before installation.
* Inspect item carefully before attempting to install.
* If there is any damages or obvious defects, do not install.
* Item may not be returned once it has been installed.

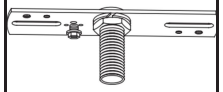

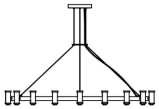

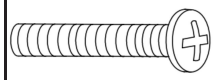

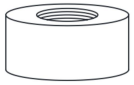

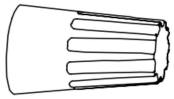

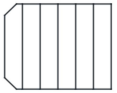

CARE AND MAINTENANCE

* To clean the outside of the fixture, use a dry or slightly dampened clean cloth (use clean water, never a solvent) to wipe the surface of the fixture.
* To clean the inside of the fixture, first disconnect power to the fixture by turning off the circuit breaker or by removing the fuse at the fuse box. Next, use a dry or slightly dampened clean cloth (use clean water, never a solvent) to wipe the interior surface of the fixture.
* Do not use any cleaners with chemical, solvents or harsh abrasives. Use only a dry soft cloth to dust or wipe carefully.

SAFAVIEH LIGHTING

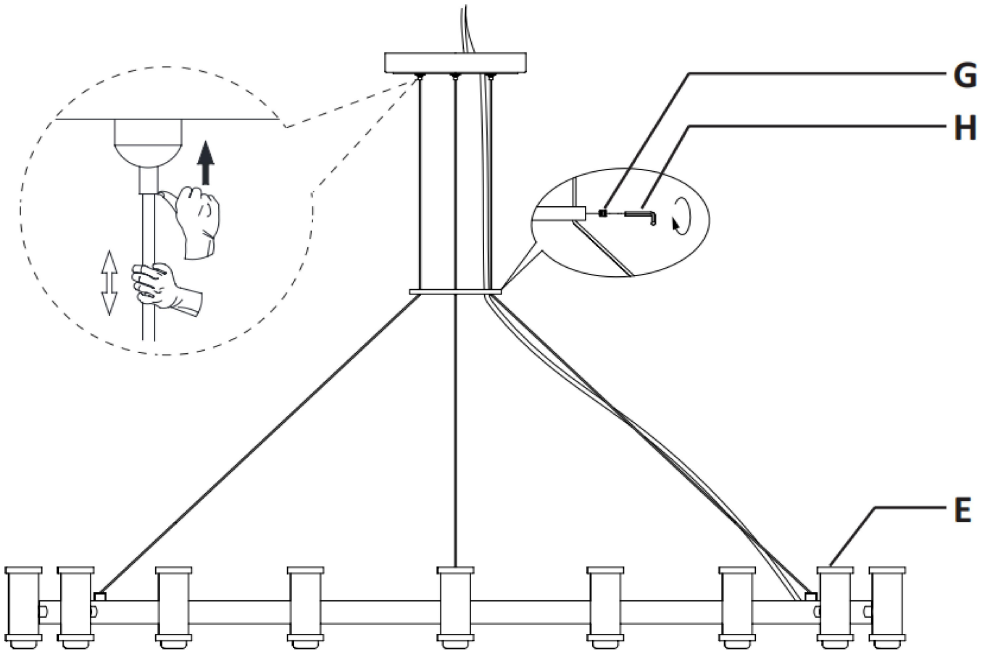

Model#:CHA 4065
Product Dimensions: 46"L X 46"W X 9-81"H

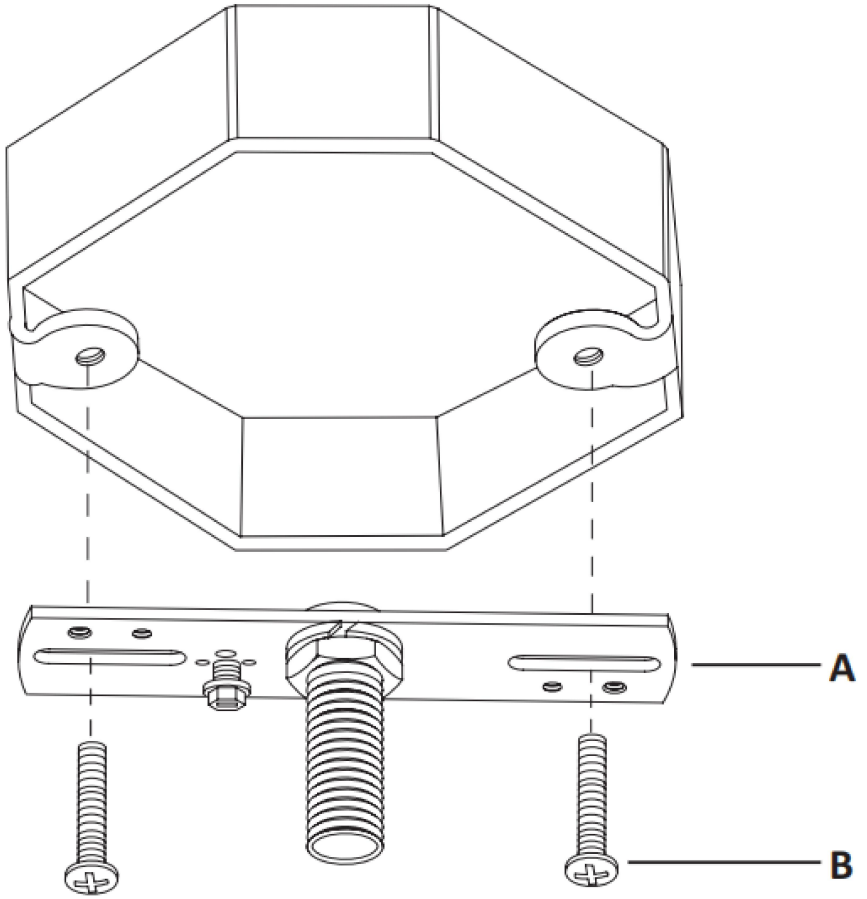

PREPARATION

* Before beginning assembly of product, make sure all parts are present. Compare parts with package contents list and hardware contents list.
* If any part is missing or damaged, do not attempt to assemble the product.
* Estimated Assembly Time: 15 minutes.
* Tools Required for Assembly (not included): Screwdriver, Junction box
* If you are having difficulty, our friendly Customer Care team is always here to help. Please email **customersupport@safavieh.com**

NOTE: PLEASE USE TYPE "B" BULB MAX 25-WATT OR LED BULB MAX 5-WATT, THERE IS LED 4-WATT BULB IN THE BOX

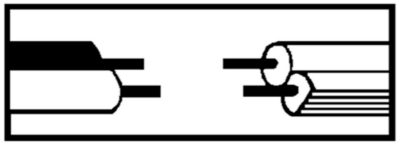

Step 1: Unpack all parts from cartons carefully.
Unscrew the Allen Screws (G) by the Allen Key (H). Adjust the metal ring to the desired height and keep the metal ring parallel to the fixture body (E), then screw the Allen Screws (G) by the Allen Key (H).
Press the button under the canopy of the lamp body (E) where the steel wire comes out to adjust the steel wires to the desired length. Release the button to hold the steel wire in position, as shown in the diagram. Adjust the fixture wire to the desired length.

Step 2: Fasten the mounting strip (A) onto the outlet box using two outlet box screws (B).

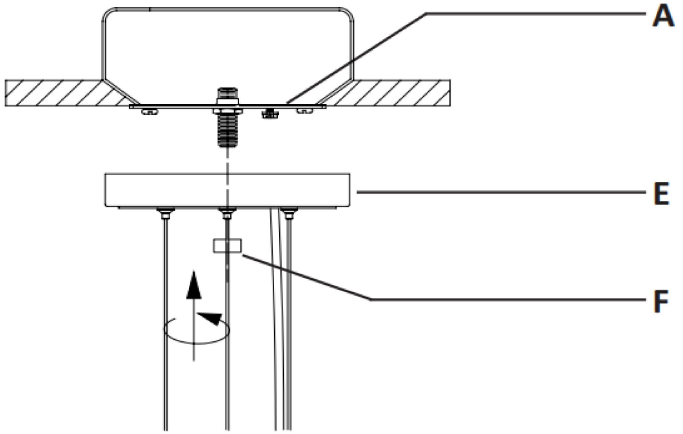

PREPARATION

* Before beginning assembly of product, make sure all parts are present. Compare parts with package contents list and hardware contents list.
* If any part is missing or damaged, do not attempt to assemble the product.
* Estimated Assembly Time: 15 minutes.
* Tools Required for Assembly (not included): Screwdriver, Junction box
* If you are having difficulty, our friendly Customer Care team is always here to help. Please email **customersupport@safavieh.com**

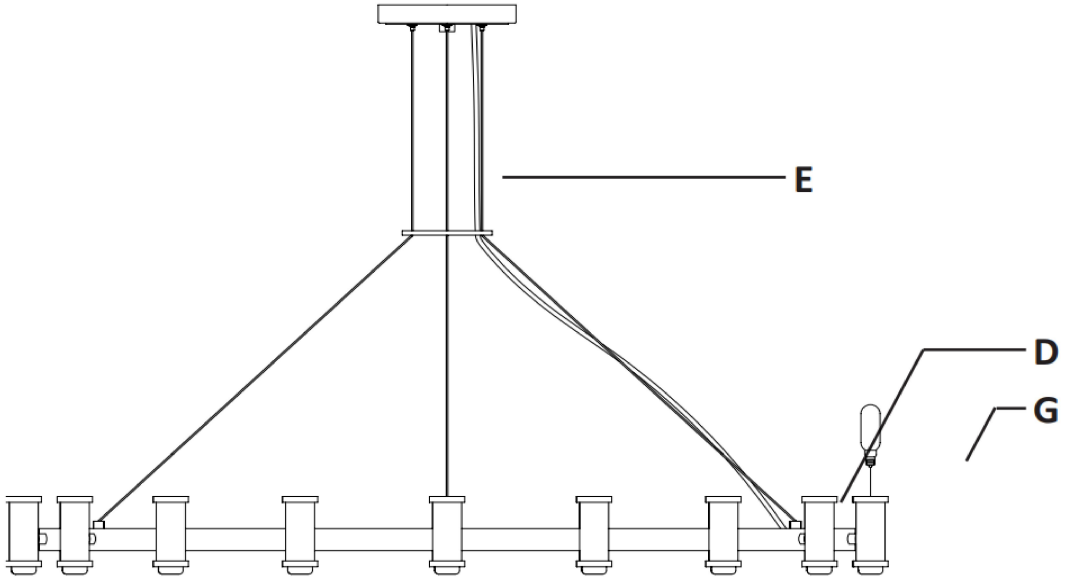

Step 3: Wire connection.
Connect fixture neutral wire (ribbed) to the outlet box neutral wire (usually white) using a wire nut.
Connect fixture hot wire (smooth with markings) to the outlet box hot wire (usually black) using a wire nut.
CAUTION: Do not reverse the hot and neutral connections.
Grounding Instructions: Wrap ground wire from outlet box around ground screw on mounting plate, no less than 2" from wire end. Tighten ground screw. If fixture is supplied with a ground wire, connect to outlet ground wire with a wire nut.

Step 4: Place the canopy of the lamp body (E) over the outlet box, let the threaded tube of the mounting strip (A) come through the hole of the canopy , then tighten the cap nut (F) to the protruding threaded tube on the mounting strip (A) until the canopy is held firmly against the ceiling.

Step 5: Install the light bulbs (D) into the socket of the lamp body (E).
