CARE AND MAINTENANCE

- Blot up spills immediately, always use coasters on table tops under beverages. Use trivets or mats under hot dishes or cookware. Clean with warm water and dry surface immediately after cleaning. Do not use cleaners that contain acid such as bathroom cleaners, grout cleaner, and tile cleaners. Do not use abrasive cleaners in either dry or liquid forms. Use a cleaner and polish formulated for marble surfaces.
- Always use felt pads under all articles to prevent discoloration or softening of the lacquer. Plastic and rubber bases on items can discolor wood. On highly used surfaces we recommend applying a quality paste wax which should be used on a regular basis to provide additional protection from scratches and spills. How often you apply the wax depends on how much wear the furniture receives.
